DCI EXCEPTIONAL INTELLIGENCE ANALYST PROGRAM

1. The Director of Central Intelligence (DCI) invites all career intelligence analysts at the mid-career level (GS-11 through GS-15 and O-3/5) to participate in the fifth annual DCI Exceptional Intelligence Analyst Program.

2. Career intelligence analysts who are involved in analysis in support of national or departmental intelligence may compete for this program. It offers analysts the opportunity to design a professional enrichment project of one or two years' duration around their own interest and skills. Applicants may propose research and independent study plans that encompass any relevant discipline and can include graduate training in the U.S. or abroad and/or assignment to another U.S. Government agency. Proposals will be judged competitively based on expected enhancement of the applicant's value to the Intelligence Community. All expenses will be funded by the DCI except salary, which will be continued by the candidate's parent agency.

3. For applications and further information, please request a program brochure from training officers. Deadline for nominations is 2 September 1983.

DISTRIBUTION: ALL EMPLOYEES (1-6)
